Clarification Questions

#	Question
1	What is the exact list of supported pick-up location types in New York (airports, train stations, downtown offices)?
2	Which currencies and languages must be officially supported for the New York car rental flow?
3	What is the minimum and maximum allowed rental duration?
4	What is the minimum and maximum driver age accepted, and what surcharges apply outside the standard range?
5	Which payment methods (credit card brands, PayPal, Apple Pay, Google Pay) must be supported?
6	Should results include only cars with free cancellation, or is it just a filter option?
7	What is the expected SLA for search results page load time?
8	Are there specific suppliers (Hertz, Enterprise, Avis, etc.) that must always appear for New York?
9	Is a flight number mandatory when pick-up is at JFK/LGA/EWR airports?
10	What confirmation channels are required (email only, or also SMS / push)?
11	Should taxes and fees specific to New York State / NYC be displayed separately or included in the total?
12	What is the cancellation and refund policy that must be displayed before booking?
